Part of the Start Here! series, Web Type is the complete guide to putting effective text on the Web and will help you become a type expert in the online world. Features 33 easy-to-follow projects that will help you put everything you learn into practice.

Web type : start here! (Book, 2004) [WorldCat.org]  
You could start your HTML writing career straight away in the My first site section; but you will be able to progress much faster if you start here first and have a read through some of the following information to get a handle on some of the key issues in web development.

Start Here | an introduction to the webmaster's world  
A "Start Here" area is a page on your website that helps people have the best possible experience on your site. It assumes that people don't know who you are and have never visited your site before. It also gives them a brief introduction to your site's purpose and exactly what their next steps should be.

How to Write a High-Converting 'Start Here' Page - Copyblogger

Here You Go! Get this: keyboarding helps students learn the alphabet! As a technology teacher, I see roughly 500 K-5 students for 40 minutes a week. While kids may be a wiz on a tablet or a touchscreen device, I've discovered many of them have never used a keyboard or managed a mouse. So that's where I start.

TypingTest.com - Complete a Typing Test in 60 Seconds!  
My students love the Typing.com certificates and are proud to display their growth on the walls of our classroom. Last year's winner was a 5th grader who got up to 113 WPM using the program!

Pure life-force in motion, these people have an attracting aura and a juiciness to their energy. They are here to dance with life and engage their energy to move their community forward in a way that is meaningful to them. When they are doing what they love, people can't get enough of them. They are also the natural hustlers and doers of society.

We've been talking this month about setting goals. If you missed previous articles, like whether churches should set goals, the 4 types of goals, or the 1600 word article explaining our 7-step goal-setting process, you can find them all here.. Sometimes the planning for the next year involves evaluating the church website.
