Woodwop User Manual; In the
Page 129/158

CNC machining industry, designs may be produced in various file formats. Creating panel designs in WoodWOP is very simple, however at times designs may be received from an Architect or

Page 130/158

designer in a DXF file format. These designs may be imported into WoodWOP using a post processing program provided with the machine. Any design software program may create the panel
