"Dedicated to those

everything, don't

want to lose their
smiles." -A19 What
happens when an
author, such as Anna
"Annina" Lorenzi, of
stories, novels, and
poetry decides to
write a book
illustrated ironically,
and she encounters
"the pencil" of a
famous cartoonist,

Page 32/85

such as Lele Corvi?
Well, what a
question, Ace is
born! The story of
Ace was written
with a smile to make
readers smile, but
also to reflect. It's a
book for everyone. If
a range of ages had
to be specified, it
would surely be

Page 33/85

zagor-le-origini

"from 0 to 100." Ace is determined, with his principles, his ideas, and his convictions, but he also is one who knows how to be ironic and to "play" with his weaknesses, his uncertainties, and delusions, reflecting on himself and on

Page 34/85

zagor-le-origini

the world in which
he was "catapulted"
when born. (And he
also really loves his
friends, cuddles, and

will know how to
make himself loved,
immediately,
because - as Lele

preface - "...even

The essays collected in
this volume were first
presented at the
international and
interdisciplinary

Page 71/85

zagor-le-origini

conference on the
Graphic Novel hosted
by the Institute for
Cultural Studies
(University of Leuven) in
2000. The issues
discusses by the
conference are twofold.
Firstly, that of trauma
representation, an issue
escaping by definition
from any imaginable
specific field. Secondly,
that of a wide range of

topics concerning the concept of "visual narrative," an issue which can only be studied by comparing as many media and practices as possible. The essays of this volume are grouped here in two major parts, their focus depending on either a more general topic or on a very specific graphic author. The first

Page 73/85

zagor-le-origini

part of the book,
"Violence and trauma
in the Graphic Novel",
opens with a certain
number of reflections on
the representation of
violence in literary and
visual graphic novels,
and continues with a
whole set of close
readings of graphic
novels by Art
Spiegelman (Maus I and
II) and Jacques Tardi

Page 74/85

zagor-le-origini

(whose masterwork "C'était la guerre des tranchées" is still waiting for its complete English translation). The second part of the book presents in the first place a survey of the current graphic novel production, and insists sharply on the great diversity of the range in the various 'continental' traditions (for instance

underground 'comix',
and feminist comics,
high-art graphic novels,
critical superheroes-
fiction) whose separation
is nowadays increasingly
difficult to maintain. It
continues and ends with
a set of theoretical
interventions where not
only the reciprocal
influences of national
and international
traditions, but also those

Page 76/85

zagor-le-origini

between genres and media are strongly forwarded, the emphasis being here mainly on problems concerning ways of looking and positions of spectatorship.

personal crisis,
Commissario Ricciardi
feels unable to open
himself up to life. He
has refused the love of
both Enrica and Livia
and the friendship of his

Contentment for
Ricciardi proves as
elusive as clues to the
latest crime he has been
asked to investigate. The
beautiful, haughty

Page 78/85

zagor-le-origini

Bianca, countess of Roccaspina, pleads with Ricciardi to investigate a homicide that was officially closed months ago. In the tense, charged atmosphere of 1930s Italy, where Benito Mussolini and his fascist thugs monitor the police closely, an unauthorized investigation is grounds for immediate dismissal

Page 79/85

zagor-le-origini

and possible criminal charges. But Ricciardi ' s thirst for justice cannot be sated. A tightly plotted historical noir novel, this eighth instalment in the Commissario Ricciardi series is a gripping meditation on revenge and justice in which each character ' s soul reveals itself to be made of glass.
